Technical and Bibliographic Notes / Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Bibliothèque nationale du Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

GRAND
DOMINION EXHIBITION,
MONTREAL,
SEPTEMBER 5th TO 13th, 1884.

COMPETITION OPEN TO THE WORLD.

INTRODUCTION.

THE prospects for the Dominion Exhibition of 1884 are of the most encouraging nature. No exhibition was held in the Province of Quebec last year, and so many enquiries have been made regarding the one which has been decided on for this year, that its success is already assured.

The Meeting of the *British Association for the Advancement of Science*, which is to be held in Montreal near the time of the Exhibition, is an event of unusual importance, and will have the effect of bringing a very large number of visitors to the City. From latest advices received it is probable that over 1,200 persons will come to the meeting from Great Britain alone, and very large numbers will be attracted from all parts of Canada and the United States.

Exhibitors will readily appreciate the advantages that the Dominion Exhibition of 1884 thus offers, and the Permanent Exhibition Committee trusts that manufacturers and others will use every effort to make such a display as will be creditable to the Dominion, and as will create a favorable impression on the minds of our visitors.

The pages which follow, containing the Premium List of the Exhibition, sufficiently indicate that the Exhibition Committee has not lacked in energy or effort, and that the display of 1884 may be expected to far exceed that of 1882. Special features and attractions will be added; and what proved to be interesting features two years ago will be repeated upon a much more extensive scale.

GENERAL ARRANGEMENTS.

The Exhibition will open at 9 a.m., on Friday, the 5th September, and continue open till two o'clock p.m., on Saturday, the 13th September, closing daily at 6 p.m.; re-opening from 7 to 10 p.m.

All visitors must leave the grounds at 6 p.m.

All Articles for Exhibition should be in place *before the day of opening*, and not later than the 4th September.

Officers and employees must be at their place of duty before the opening of the gates.

All vehicles for the transportation of supplies, &c., and all persons not entitled to remain, must leave the ground before 9 o'clock a.m., each day.

A strong Police Force will be on the grounds to arrest all violators of the law, or of the rules of the Permanent Exhibition Committee.

The Superintendents of Departments will see that their divisions are in proper order for the reception of exhibits, and for the convenience of Exhibitors and Visitors; and they shall be responsible to the Executive Committee for the proper management of their departments.

Superintendents of Departments will see that no property will leave their charge without a ticket corresponding with the number of the entry card, which ticket will be surrendered by the Exhibitor on delivery of the goods.

Every facility will be afforded, and every courtesy extended to Exhibitors; but no responsibility for transportation, damages, accidents, or loss of any character, will be assumed.

A first-class Band of Music will be present daily during the Exhibition.

The Grounds, and Buildings will open at 9 a.m. on Friday, September 5th, and will continue open each day from 9 a.m. to 6 p.m. for the Day, re-opening at 7 p.m. until 10 p.m. for the Evening. The Exhibition will be considered officially closed at 2 p.m. on Saturday, the 13th September; after which exhibitors must remove all their property from the Grounds and Buildings. No removal will, under any circumstances, be allowed before the close, except by special permission of the Committee.

His Excellency the Governor-General will formally open the Exhibition, when it is expected that several Governors of the neighbor-

PRIZE LIST.

ing States, and Lieut.-Governors of the different Provinces of the Dominion of Canada, and many other distinguished persons, will be present.

The Grounds and Buildings will be illuminated each evening with Electric Light. The Citizens Committee, organized to provide attractions during Exhibition week, are sparing no effort to make their portion of the programme, most interesting to all visitors. Band competitions, parades and monster concerts are on the tapis.

The Agricultural, Live Stock, Horticultural and Industrial portions of the Exhibition, including all classes of Manufactures, Implements, Machinery, Fine Arts, Ladies' Works, Poultry, Agricultural and Dairy Products, Fruits and Vegetables, &c., will be on view from the opening, on the 5th September, to the close.

GENERAL RULES AND REGULATIONS.

Intending exhibitors and visitors are particularly requested to read carefully and consider the following Rules and Regulations governing the Exhibition, which will be, in all cases, strictly enforced.

ADMISSION TO THE GROUNDS.

The price of admission will be **25 cents** each time of entering. The admission will be by means of registering turnstiles, and **each person must be provided with a 25 cent piece, in silver, before entering the Turnstile House.**

Exchange Offices are provided near the entrances, where the proper change can be obtained.

Necessary attendants upon stock and machinery, &c., will be furnished with special passes, on applying to the Secretary's office on the grounds. Each pass will bear the name of the person to whom it is issued, and if presented by any other person will be forfeited.

Attendants' tickets will be allowed only where absolutely indispensable. No checks will be given to return to the Grounds.

One Exhibitor's ticket, admitting an exhibitor only *twice* each day, and *positively not transferable*, may be purchased by any individual exhibiting, and if a firm, by any one member thereof, at the Secretary's office, on the grounds, for \$1.50 for the time of the Exhibition.

The entry tickets upon animals or articles will admit the person bringing them to the Show Grounds for exhibition, along with such animals or articles, without the use of any other ticket. Afterwards such parties must be provided with proper passes, as above.

Editors and Reporters, actually employed and duly accredited by the papers they officially represent, will be furnished with special tickets on application, and a roll of their names and residences preserved. In the case of weekly papers, not more than two tickets will be issued to each newspaper.

Judges will be furnished with tickets and badges, the latter being intended only as a means of showing their official connection with the Exhibition and not for the purpose of securing admittance to the grounds.

ENTRIES.

All entries in the Agricultural Department must be made on printed forms, which may be obtained from the Secretary of the Council of Agriculture, Montreal, or from the Secretaries of all County Agricultural Societies, and in the Industrial Department from the Secretary of the Council of Arts and Manufactures, 76 St. Gabriel street, Montreal. These forms are to be filled up and signed by the exhibitor, and sent to the respective secretaries, at Montreal, on or before *Saturday, 23rd August*.

The entry fee must in all cases be forwarded with the entry. No entry will be accepted unless this is done.

When entries are made, great care should be observed to have the name of the exhibitor and the Post-office address entered in full, with the number of residence and street, if in the City. This will be of assistance to the Treasurer in prompt payment, and will serve to avoid delays.

In order to prevent unnecessary labor and loss of time, exhibitors are particularly requested to **enter only such articles as they intend to exhibit.**

Exhibitors will please take notice that it is absolutely required that the entries be made at the date above mentioned, in order to

afford sufficient time to examine the entry papers, and to correspond with parties, when necessary, for the correction of errors and omissions; and no exception will be made to this rule on any consideration whatever, except by special approval of the Committee.

In the Live Stock Classes the entries must, in every instance, be made in the name of the *bona fide* owner, and unless this rule be observed no premium will be awarded, or, if awarded, will be withheld. If any person shall exhibit any animal of which he is not the *bona fide* owner, he shall forfeit any premium which may be awarded him, and be precluded from exhibiting in future.

In all the other Classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves, or their agents duly authorized. If any person other than the authorized agent, shall enter an article for exhibition, as produced or manufactured by himself, when it has not really been so, he shall forfeit any premium which may be awarded the article, and be precluded from exhibiting in future.

No person shall be allowed to enter for exhibition more than one specimen in any one section of a Class, unless the additional article be of a distinct named variety or pattern from the first, except by special permission of the Committee. This rule not to apply to animals, but to apply to all kinds of grain, vegetable products, manufactured articles, &c., in which each additional specimen would necessarily be precisely similar to the first.

EXTRA ENTRIES.—Every article must be entered under some one of the sections in the regular list, when possible; but if any article is of a different character from anything specified in the list, it may then be entered in the Extra section of that class with which it most nearly corresponds. No article, however, will be allowed to be entered as an Extra for want of sufficient quantity or number, or any other similar defect, when of the same kind or variety as anything named in the list; in such a case the article cannot be exhibited.

On the entry of each animal or article, a card will be furnished the exhibitor, specifying the class, the section, the number of the entry, and the name of the exhibitor, **which card must remain attached to the animal or article during the Exhibition.**

In all cases the right is reserved to reject entirely or accept conditionally any entry or application; and under no circumstances will articles which are offensive by reason of their odor or appearance, or

which are dangerous by reason of their combustible or explosive character, be admitted; and if any such be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Committee.

Exhibitors will confer a great favour on the officers of the Exhibition Committee by making their entries at as early a date as possible.

Articles or stock cannot be removed from the Exhibition before its close, unless such removal has the special approval of the Committee.

No products of convict labor will be received for exhibition or competition.

ENTRY FEES.

The charges for exhibiting at this Exhibition will be by fees and charges for space, which have been placed at the lowest possible figure, as follows:—

Horses—Entrance free; \$1 per head for stabling.

Cattle—Entrance free; 50 cents per head for stalls.

Sheep—Entrance free; 25 cents per head for pens.

Pigs—Entrance free; 25 cents per head for pens.

Poultry—25 cents each entry.

Agricultural Implements—50 cents each entry.

Agricultural and Dairy Products—Ten entries and under, 50 cents; over ten entries, \$1.

Horticultural Entries—Ten entries and under, 50 cents; over ten entries, \$1.

INDUSTRIAL DEPARTMENT.

\$1 For Each Class, except the following which are free.

Class 6—Machinery, etc.

Class 7—Stove Department only.

Class 12—Educational Department only.

Class 17—Cotton Goods.

Ladies' Work—Five entries and under, 50 cents; over five entries, \$1.

Domestic Manufactures—Five entries and under, 50 cents; over five entries, \$1.

In all other Departments or Classes than those above named, the fee will be for each Class \$1.

Fees and charges for space must in all cases accompany the entry.

APPLICATIONS FOR SPACE.

Exhibitors requiring space in the Industrial Department, Carriage Building, or in the Machinery Hall, or Agricultural Implement Building, must make application for the same at the time of making their entries. Forms for application can be procured from the Secretaries, 76 St. Gabriel Street, Montreal.

Applications for space elsewhere will also be received and considered by the Committee up to Wednesday, 27th August, from persons who may be desirous of making special exhibits, either in competition for prizes or for exhibition only.

The Committee reserve the right to sell such spaces as they consider desirable.

Parties desiring special locations are requested to make application for the same in writing as early as possible.

PREPARATORY WORK.

On and after Friday, 29th August, exhibitors, their agents, and workmen, will be admitted to the grounds and buildings for the purpose of making preparatory structures, or getting machinery and implements into position.

DELIVERY OF ARTICLES, AND CHARGE OF SAME
WHILE ON EXHIBITION.

All articles for Exhibition in both Departments, Agricultural and Industrial, must be in position in their respective Departments on the grounds by 5 p.m., on Thursday, 4th September.

All specimens for exhibition in the Fine Arts Department, must be delivered not later than noon on Thursday, 4th September, in order that they may be properly classified and hung previous to the day of opening.

Articles or animals arriving after the above dates will not be allowed to compete. It is desirable that exhibitors of Machinery and other heavy articles should have their exhibits on the grounds and placed in position the week preceding the opening of the Exhibition, in order to avoid confusion.

All boxes, wrappings, and other packing material must be cleared away, and everything be in proper order before 6 p.m. on Thursday, 4th of September.

Exhibitors must provide for the delivery of their articles upon the Exhibition Grounds. The Committee cannot, in any case, make provision for their transportation, or be subjected to any expense therefor, either in their delivery at, or return from, the Grounds. All the expenses connected therewith must be provided for by the exhibitors themselves.

Arrangements have been made with the Grand Trunk Railway, by which all exhibits will be returned, *free of charge*, to the G.T.R. station from which they were shipped, provided they do not change ownership; and that the charges are prepaid to Montreal.

Articles not accompanied by their owners may be addressed to the care of the Secretary of the Department for which they are intended, who will receive them on their being delivered at the Grounds; but in no case will such articles be placed on exhibition except by the owners or their authorized agents. *All charges (including cartage) must be PREPAID on articles thus sent.*

Exhibitors on arriving with their articles will apply at the Secretary's office, when they will be informed where the articles are to be placed.

Exhibitors will, at all times, give the necessary personal attention, to whatever they may have on Exhibition, and at the close take entire charge of the same.

Articles placed on exhibition must not be removed until the close, except by permission of the Committee. Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold can be made on the premises during the Exhibition, except by special arrangement with the Committee.

Although the Committee will take reasonable precaution to ensure the safety of articles sent to the Exhibition, yet they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting them; and that, should any articles be accidentally injured lost, or stolen, the Committee will give all the assistance in their power towards the recovery of the same, but **will not make any payment** for the value thereof.

The Permanent Exhibition Committee will not be in any way responsible for any articles or show cases that may be left on the Grounds or in the Buildings.

LIVE STOCK.

New and commodious Buildings are provided upon the grounds for all Live Stock. Hay and Grain for Horses, Cattle, Sheep, and Pigs, will be for sale upon the grounds at reasonable prices. Exhibitors will please report at once if exorbitant prices are exacted.

Straw for bedding will be *provided free of charge*.

AGRICULTURAL IMPLEMENT BUILDING.

The Agricultural Machinery Department comprises four magnificent buildings communicating with each other by means of spacious corridors; and two of these buildings are specially reserved for machinery in motion and amply provided with shafting underneath the flooring. The shafting is $2\frac{3}{8}$ inches, exact diameter, with a speed of 80 revolutions per minute. The other two buildings with their corridors will be reserved for the display of agricultural machinery requiring no motive power.

Apart from these buildings, exhibitors who prefer exhibiting their machines in open air can obtain all the space they may require.

As there is no extra charge for space in this Department (the entry fee being only *one dollar*), manufacturers of agricultural implements will easily understand the immense advantage of exhibiting under such favorable circumstances, and the Committee have reason to expect that this Exhibition will be the best of its kind in the Dominion.

Entries must be made before the 23rd of August.

The Committee beg to draw the attention of exhibitors to the paragraph on page 15 relative to supplying pulleys, counter shafting, &c., which equally applies to exhibitors in the department of Agricultural Implements and Machinery.

AUCTION SALES OF CATTLE AND LIVE STOCK.

With a view of affording every facility to exhibitors wishing to dispose of Live Stock, it has been determined to hold *Auction Sales on the Exhibition Grounds during the Exhibition*.

The dates of the sales, with all particulars, will be announced later.

INDUSTRIAL DEPARTMENT.

The prize list in this Department has been framed with a special view to securing a full exhibit in every branch of Industry, and while the Exhibition is in most Classes open to the World, in some the premiums are open to Canadian manufacturers only.

Manufacturers are required to furnish all information which the Judges may ask for, and their decision will be based on the combination of quality, style, and price, and the adaptation of the article to the purpose or purposes for which it is intended.

Manufactured articles, which have been awarded prizes at Provincial Exhibitions in former years, shall not be entered in competition for the prizes named in the Prize List for this year, but shall be awarded diplomas, if, in the opinion of the Judges, such articles are superior to any others exhibited, and are deemed worthy of the same.

PROCESSES OF MANUFACTURE.

With a view of encouraging, as much as possible, the display of processes of manufacture in various branches of industry, the Machinery Hall has been considerably enlarged. As the driving engine will be in operation during the entire time of the Exhibition, it is to be hoped that manufacturers will consider it their interest to show some of their manufactures or products, in actual process of manufacture. This, while greatly contributing to the interest of the Exhibition, would most undoubtedly result beneficially to exhibitors themselves. In this connection it may be well to state that the Exhibitor who conducts within the Exhibition a process of manufacture, attracts infinitely more attention than by the simple display of finished products; for the reason that finished products are familiar to every eye, while the process of production, no matter how simple, is always attractive to the public.

MACHINERY HALL.

All machinery in motion, except portable, must be exhibited in the Machinery Hall.

All exhibits of machinery in this building must be placed in motion if possible, and kept in operation at regular work.

For this purpose ample space and power is provided. The driving engines will be in operation and in running order from the opening day till the close of the Exhibition. Loose pulleys must be furnished by exhibitors, and as the main shafting in this Hall must not be interfered with or taken apart, pulleys to be used must be made in halves, turned and accurately balanced, and should have the owner's name plainly marked on the inside of the rim. Counter-shafts, hangers and belts must be furnished by exhibitors.

The particular attention of manufacturers of Machinery is called to the fact that the capacity of the Machinery Hall has been largely increased, and that new and special facilities are now offered in this Department.

Two lines of shafting are provided; the diameter of which is 3 inches, exact diameter. The speed of both lines is 160 revolutions per minute. Exhibitors will please govern themselves accordingly.

No pulley over 3 feet in diameter can be put on the main shaft in the Machinery Hall. Exhibitors requiring greater speed may provide themselves with counter shafts.

Intending exhibitors will greatly oblige by sending in their entries before the date mentioned, viz., 29th of August, as the Committee will thus be enabled to apportion a certain space to each one.

Steam engines and machinery operated thereby will be under the care of a special Superintendent. In order to avoid accidents, his orders must be strictly obeyed.

FINE ARTS DEPARTMENT.

All entries in this Department will be received subject to approval by a Committee of Selection, if so desired.

The Committee reserve the right to reject any work which does not come up to the required standard of excellence.

Every work must be the work of the exhibitor, and bear the artist's signature.

A certain space will be reserved in the case of exhibits illustrating the course of Industrial Art Education in public schools.

The name and age of the Exhibitor of Drawings should appear on the face of each specimen.

All drawings should be labelled upon their face, "From Flat Copy," "From Dictation," "Memory," "Object Drawing," "Perspective," "Geometrical Forms," or "Original Designs," as the case may be. Designs should be labelled "Entirely Original," "Original Combination," or "Original with given Elements."

All specimens of penmanship should be prepared by copying some printed matter. The exhibitor need not be limited as to the number of trials, but in no case should the specimen presented be a copy of a specimen prepared by some one else. The design is to show the ability to write from dictation or from the printed page.

No specimen of penmanship should contain less than four lines.

PRIZE LIST.

LADIES' WORK.

All articles competing in this class must be the work of the exhibitor, strictly the production of ladies, and entered in the name of such.

Articles which have been awarded prizes at previous exhibitions cannot be entered in competition for the prizes named in the Prize List for this year.

RAILWAYS, STEAMBOATS, AND CUSTOMS.

Favorable arrangement have been made with all the Railroad and Steamboat Companies for the conveyance of passengers and articles to and from the Exhibition at greatly reduced rates.

Arrangements have also been made with the Customs Department for the admission of articles from foreign countries for exhibition, free of duty, on giving the customary bond.

PROTESTS.

Protests must be made in writing and must state the Class and Section of the entry referred to, and must state definitely and concisely the ground of protest.

All protests must be made before noon on the day following the affixing of prize cards, after which no protests will on any account be received.

The envelope containing protest must be endorsed with the number of Class and Section to which the protest refers, and must be addressed to the "Committee on Protests."

This Committee *alone* will decide in all cases of protest, and their decision will be *final*.

PAYMENT OF PRIZES.

* Persons entitled to cash premiums must apply for them at the Secretary's office, who will give *Orders on the Treasurer* for the amount. These orders must be endorsed, as they will be payable to *order*, not to *bearer*, and on presentation to the Treasurer, properly endorsed, will be paid either in cash, or by cheque on the Bank.

The Treasurer will be prepared to commence paying the premiums at his office on the grounds, *for all parties residing outside the City*, on Saturday, the 13th, after the close of the Exhibition till 6 p.m. Those residing *in the City* will receive their premiums at the Secretary's office in town, on the following Monday, and subsequent days, of which due notice will be given.

Outside parties having prizes awarded them are particularly requested to apply for them *before leaving Montreal*, or to leave a written order with some person to receive them, stating the Classes in and articles for which prizes are claimed.

Orders for premiums not applied for as above will be given by the Secretary, and the amount forwarded by the Treasurer, on receipt of proper instructions.

All persons to whom prizes are awarded must apply to the Secretaries of the Committee for orders for payment thereof, on or before the 30th day of November following the Exhibition, or such prizes will be forfeited.

MEDALS AND DIPLOMAS.

Medals and Diplomas will be awarded *in lieu of Money Prizes* when desired by exhibitors, and approved by the Permanent Exhibition Committee, as follows :

Gold Medal.—For original inventions deemed by the Committee of sufficient merit, and for Collections representing the leading enterprises and most important Industries of the Dominion, such as in the Classes for Live Stock, Agricultural Implements, Machinery, Textile Fabrics, &c., &c., in which the excellence of the exhibit, or the aggregate of prizes awarded to the exhibitor, will be considered sufficient by the Committee.

Silver Medal.—In lieu of first prizes (not under \$20), and for important Industries, shewn in process of manufacture at the Exhibition in cases where the exhibit is deemed by the Committee of sufficient merit.

Bronze Medal.—In lieu of first prizes of lesser value, and under the same conditions as for silver medal.

Diplomas will be awarded at the discretion of the Committee.

Applications for Medals in lieu of money prizes must be made in writing to the Secretaries before the close of the Exhibition.

The Diplomas and Medals awarded will be prepared immediately, and delivered with as little delay as possible.

JUDGES.

The Judges will be appointed by the Committee, and will receive a circular informing them of the fact, and inviting them to act.

In case any person accepts as Judge, and finds he cannot fulfil the duties, he will please notify the Secretary immediately of such inability, that all vacancies may be promptly filled.

No person will be allowed to act as Judge who is in any way interested in the articles to be examined.

Judges in all classes, both in Agricultural and Industrial Departments, are requested to report themselves at the Secretary's office, on the grounds, presenting their circular of appointment, at 9 o'clock a.m., on Saturday, 6th September, when they will be furnished with badges.

Judges are requested to inform the Secretary of their presence, and apply to him in all cases of doubt or difficulty.

It is desired that all the Judges of each Class go together to hand in their report, instead of sending it by one of their number, in order that cases of error or doubt may be more promptly and easily made right.

Judges will please sign and hand in their list of awards to the Secretary as soon as possible. They are requested to report fully upon all objects of interest and value, and to make such recommendations to the Committee as circumstances or their experience may suggest.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second, third, or any premium.

In addition to the stated premiums offered for articles enumerated in the list, the Judges are authorised to recommend to the Committee premiums for such articles, not enumerated, as they may consider worthy, and the Committee, if they approve of the recommendation, will determine the amount of premium. Judges are not to award medals other than those mentioned in the Prize List. The Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by ticket with the words "Highly Commended," or "Commended," upon them. These tickets will not entitle the holder to any money payment.

Under "Extras" in each of the classes, when more than one entry of the same kind of article has been made, they will be judged as in competition for first and second prizes, the same as though they had been in regular sections, and when but one such entry has been made, the article, if worthy, shall be awarded a first or second prize. The Judges, however, are instructed not to recommend the awarding of prizes in either the "Regular" or "Extra" sections of any Class, unless the articles come up to the desired "standard of excellence." No award of prize for Extras will be paid until sanctioned by the Committee.

Each award must be written in a plain, careful manner, on the blank page opposite the number of the entry in the entry book.

In the Fine Arts and Industrial Departments, Diplomas may be awarded, in addition to the money prizes, to any specimen evincing great skill in its production, or deemed otherwise worthy of such a distinction, on its being recommended by the Judges, and approved of by the Committee, to whom all such matters shall be referred.

Exhibitors can ascertain from the Superintendents of the several Departments when the Judges may be expected to examine their animals or articles.

The Judges are instructed, in the execution of their duties, to be careful to act with the most rigid impartiality, and make their entries in a clear and conspicuous manner, in all cases of doubt or difficulty referring freely to the Secretary, or to the Committee.

Any person who shall attempt to interfere with the Judges while in the discharge of their duties, or who shall afterwards, on the Exhibition Grounds, use any contemptuous or abusive language to any Judge, Referee, or other person engaged in an official manner, in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception, or dishonest practice, either in the preparation, ownership, or of any representation concerning any animal or article exhibited, which may have affected, or may have been intended to affect, the decision of the Judges, the Committee have the power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not, as may be deemed most expedient.

MISCELLANEOUS.

Exhibitors must make themselves acquainted with the Prize List Regulations and requirements, and be sure to what classes and divisions their entries properly belong.

If any person, through ignorance of the regulations, shall bring articles to the Exhibition without having entered them at the proper time, the same may, in the discretion of the Committee, be allowed to be brought upon the grounds, and so placed that they may be examined by

the public, but shall not be classified, nor shall any official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor, the Committee reserve the right, in case any such exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him forfeited.

The Committee reserve the right to prescribe the dimensions of all signs, and generally to direct the arrangement of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance.

All prize cards which have been affixed must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

The contractors for the supply of refreshments at the Restaurants, fodder, &c., and all persons keeping refreshment stands, must lay in their supplies before 8.30 o'clock a.m. each day.

The Committee on being made aware of any fraud having been committed by any exhibitor, in the entry of any stock or goods in competition for prizes at any exhibition, have the power of withholding the payment of any prizes that may have been awarded by the Judges to such exhibitor, on such fraudulent or any other entries made at any such Exhibition.

If any person wilfully injures or destroys any property within the Exhibition Grounds, or hinders or obstructs the officers or servants of the Committee, or any policeman or constable duly appointed, in the execution of his duty, or gains admission to the said grounds contrary to the rules, he shall be liable to a fine.

The officers of the Committee shall enforce these Rules, and also prohibit and prevent all kinds of gambling, or mountebank performances, exhibitions or shows, and also regulate or prevent the huckstering or trafficking in fruits, goods, wares or merchandise on the Exhibition Grounds; and any person who, after due notice of such rules, violates the same, shall be liable to be removed by the officers or policemen.

Lessees of Ground, Booths, and Stands will be protected as far as possible in their rights, and also against infringement on the part of unauthorized persons; but will forfeit their claims and rights when abusing them.

Peddlers or salesmen of any kind of articles, not entered and placed on exhibition, must first procure permits from the Secretary, and shall

PRIZE LIST.

present them when required to do so by any member of the Committee or any officer thereof.

All questions not covered or provided for by these Rules, shall be submitted to the Exhibition Committee.

FIRE AND POLICE PROTECTION.

Every possible precaution will be made to guard against fire ; and with the precautions taken it is believed the danger of such an occurrence is very remote, but exhibitors desiring insurance must give the matter their personal attention.

An ample police force, detailed for the purpose by the city, will be on duty night and day during the continuance of the Exhibition. A full corps of watchmen will also be present at all times ; but exhibitors are expected to exercise constant supervision over the articles on exhibition, as the Committee will not be responsible for loss or damage by theft, fire or otherwise. Small and valuable articles should be exhibited in show-cases, which may be securely locked when desirable.

INQUIRIES.

Inquiries as to the Exhibition and its arrangements before the opening should be addressed to the Secretaries, at Montreal. During the Exhibition inquiries may be made at the Business Office, and every officer will, when applied to, either furnish the informations sought or refer the question to the proper officer. The officers may be known by their respective badges.

THE PRESS.

Ample accommodation will be provided for members of the Press and all necessary information will be promptly furnished them.

TELEGRAPH AND POST OFFICES.

The Great North Western Telegraph Company will have offices on the grounds ; and a Post office will also be provided for the delivery and despatch of letters. Telephone communication will also be established with the City.

PRIZE LIST.

VISITORS.

Visitors may rest assured of finding on the grounds everything necessary to the convenience and comfort of young or old, during the entire day. Ample Restaurants and Lunch Rooms, managed by experienced caterers, and under the supervision of the Committee, as to price and quality of food, will serve meals and refreshments during hours of exhibition at reasonable rates. Baggage rooms for the deposit of satchels, cloaks, &c., and in charge of responsible parties, are conveniently located for the accommodation of visitors. The hotels of the city, ample for any occasion, will adhere to their regular rates; and the city authorities will co-operate with the officers of the Committee in every practicable manner, to ensure the safety and contribute to the pleasure of visitors.

HOW TO REACH THE GROUNDS.

The grounds are most beautifully located on Mount Royal Avenue, on the north-western outskirts of the city, and from thence a splendid view of Montreal, the River St. Lawrence, and Mount Royal Park, with the surrounding country, can be obtained. They are easy of access, and can be reached in a few minutes by the Street Railway Cars, Omnibuses and Hackney Carriages.

Read the above Rules carefully and send in your Entries
as early as possible, and be sure that all
Fees accompany the same.

2. Ponies, under 12 hands.....	5	3	2

CLASS 12.—Donkeys.

1. Donkeys.....	5	3	2
-----------------	---	---	---

No horses will be allowed to compete in more than one class or section, except in cases of teams, where Brood Mares may also compete.

In making entries, the Breed, breeder's name, if known; the owner's name and full address; the name of animals, if named; and the color, age and sex must be stated.

Of Horses, over four years old, give the height and weight, and state whether the weight is estimated or by the scales; the measured height must be given, and will be taken as the height in shoes, unless otherwise stated.

In the class for Blood Horses, full Pedigree, properly certified, must accompany the entry. No animals will be allowed to compete as pure bred unless they possess regular Stud Book Pedigrees, except in the case of Clydes and other heavy draught horses, of which no regular Stud Book is kept; but satisfactory evidence must be produced that they are directly descended from such stock.

No Horse will be allowed a premium unless sound, except in the case of Stallions and Brood Mares injured by accident which do not lessen their usefulness; the opinion of the Referee to be taken in all cases of suspected unsoundness.

Horses must be shown, when required, in the ring, uncovered, and in such manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirement of the Judges or Committee, their animals will be ruled out.

As Horses possessing no merit whatever, and not worthy of exhibition, have in some cases heretofore been entered merely to secure stabling, the Committee in charge of this Department is empowered, when any cases of this kind are reported to them, at once to order the animals,

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List.

PRIZE LIST.

25

so entered, out of the grounds, and the entry money paid for such animals shall be forfeited.

Horses may be withdrawn at 6 o'clock every evening on a deposit of \$10.00, which shall be forfeited if the animal is not brought back at 3 o'clock the following morning.

Exhibitors will not be allowed to use stalls for storing forage, and the Committee shall at all times have the right of making use of stalls thus occupied.

CATTLE.

(Age of Cattle to date to 1st of September.)

CLASS 13. Short Horns.

SECT.	1st	2nd	3rd

CLASS 21. Fat and Working Cattle, any Breed.

1. Fat Ox or Steer.....	15	10	5
2. Fat Cow or Heifer.....	15	10	5

In making entries, the breed, the breeder's name if known, the owner's name and address in full, and the name, color, age and sex of animal, must be stated.

In pure breed classes a certificate of Herd Book or Registered Pedigree, or a sufficient reference to the Herd Book in which they are registered must accompany the application for exhibition.

No animal may compete in more than one class or division except for the herd prizes. All animals will be shown in the rings, and exhibitors must be ready to bring them out when called for.

The exact age of young animals must be stated on the cards, and it will be taken into consideration by the Judges in making their awards; and any person underrating the age of an animal will forfeit the premium to which he might otherwise be entitled.

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List.

PRIZE LIST.

Young animals may compete, if the exhibitor thinks fit, in older classes than that to which they properly belong; but the exhibitor must choose the section he will compete in when making the entry; he shall not change to another section afterwards, and no animal will be allowed to compete in more than one of the foregoing sections, except when competing in the Herds.

Cows in any of the above classes must be giving milk at the time of the Exhibition, or be evidently well gone in calf.

An animal will not be allowed to compete as a three year old cow unless she has had a calf, or is evidently in calf; but a two year old animal having had a calf will be allowed to compete as a two year old heifer, if the owner thinks fit.

Prizes will be awarded to animals of other breeds than those above mentioned, if deemed worthy.

Herd Prizes only to be awarded if Judges consider Herd specially deserving.

SHEEP.

CLASS 22.—Leicesters.

SECT.	1st	2nd	3rd
1. Ram, two shears and over	15	10	5
2. Shearling Ram.....	15	10	5

CLASS 27.—Fat Sheep of any Breed.

31. Best two Wethers.....	12	8	4
32. Best two Ewes.....	12	8	4

In making entries, the breed, breeder's name, owner's name and address in full, with age and sex of the animals, must be given.

Sheep must be closely shorn on or after the 1st of May, and the date of shearing shall form part of the entry certificate, *and the attention of exhibitors is particularly called to this rule, as it will be strictly adhered to*, and Judges are requested not to award any prize to sheep that have not been shorn in accordance with this rule, and, further, that Judges be guided in their awards more by purity of blood than size of sheep and quantity of wool.

Ewes, two shears and over, in all classes, except Fat Sheep, must have raised lambs the present season, and the fact of having done so must be stated in the entry certificate.

Sheep that have been shown in other classes cannot compete as Fat Sheep.

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List.

RABBITS.

Lop-Eared, Angora, Russian, Common and Himalayas, 2 1

Exhibitors of fowls will be charged 25 cts. each entry.

15 cts. Pigeons, Canaries and Pet Stock, each entry.

Entry 50 cents. for Breeding Pens to consist of one male and at least five females.

Coops will be provided free.

All specimens must be in the Building before 10 o'clock on the morning of Friday, 5th September, where they will be received, properly fed and cared for during the Exhibition.

All specimens must be entered in the name of the actual owner.

An attempt to evade this rule, as in borrowing one or more specimens of a coop, or in buying with the understanding that the specimens shall be returned after the Exhibition, or that they shall be returned unless sold, or on any other condition, will exclude all coops erected by the offending party if discovered in time ; and if not, the premiums shall be withheld.

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List.

PRIZE LIST.

All specimens shall be exhibited in their natural condition—Games and Game Bantams being exceptions so far as to render the ordinary dubbing and trimming admissible. Pulling false feathers, coloring, shaping spurs, inserting or splicing feathers and similar practices, are prohibited.

Any violation of this rule will exclude the specimen from competition.

As the Committee wish to promote the Poultry interest by encouraging the careful breeding of choice specimens and the improvement of the common stock of the country, thereby adding to the merchantable value thereof, exhibitors are requested to affix a selling price to all specimens at the time of making their entries.

The standard of excellence, as revised, shall be the guide of the judges on all varieties described therein.

Immediately after the awards, a card stating the premium will be placed upon each winning coop by a committee appointed for that duty, and by them only.

All diseased and unworthy specimens will be excluded from the Exhibition Hall, but properly cared for by the Executive Committee. Any specimen deemed unworthy will be refused by the Executive Committee.

No person will be allowed to interfere with the Judges; and any person so doing, by letter or otherwise, will be excluded from competition. The only appeal from their decision is to the Executive Committee in writing.

Judges will adhere strictly to the standard and rules.

Judges are empowered to *award premiums* to any other specimen not here enumerated, if deserving.

Exhibitors are particularly requested to inform themselves thoroughly in regard to the foregoing rules, as errors may be fatal to successful competitors.

Entries close 23rd day of August, 1884.

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List.

SECT.	1st	2nd	3rd
1. For the best three Tubs of Factory-made Butter, not less than 50 lbs. each, made at any time.....	\$30	\$20	\$10
2. For the best two tubs of Dairy-made Butter, not less than 50 lbs. each made at any time.....	30	25	10
3. Best Five Factory-made Cheese (colored) not less than 50 lbs. each	25	15	10
4. Best Five Factory-made Cheese (white), not less than 50 lbs. each.....	25	15	10
5. Best Five Cheese, Dairy-made, not less than 8 lbs. each	10	5	2
6. Best Cream Cheese, not less than 1 dozen	5	3	2

7. For the best Three Tubs Factory-made Butter, made at any time or place, not less than 50 lbs. each.....	30	20	10
8. For the Two best Tubs Dairy-made Butter, made at any time or place, not less than 50 lbs. each.	30	20	10
9. For the best Five Boxes Cheese, made at any time or place, (colored or white).....	50	30	15
10. Best Cheese Tester.....	3	0	0
11. Best Butter Tester	3	0	0

1. Only one sample of Cheese can be entered from any one factory. Each sample must consist of five cheeses, not less than 50 lbs. each.

2. All entries to be placed on the Bench at 10 o'clock a.m. on the first day of the exhibition.

The name of the Factory to be given at the time of entry.

For regulations regarding Medals and Diplomas, see page 17 of this Prize List.

3. Reports and awards shall be based upon inherent and comparative merit. The elements of merit being held to include considerations relating to quality, skill in manufacture, utility, fitness for the purpose intended, economy, cost, and adaption to public wants.

4. The Judges shall make favourable mention of exhibits of merit, failing to take a premium or diploma.

5. No person will be allowed to interfere with the Judges during their adjudications; and any person who, by letter or otherwise, attempts such an interference, will be excluded from competition.

6. The Judges shall only report the articles or stock entitled to premium or mention.

7. If any question arises as to the regularity of an entry or the right of an article to compete in the class, the Committee shall report the same to the Board of Appeal for adjustment.

8. In deciding upon the merits of both Butter and Cheese, the Judges shall adopt a standard of excellence as follows:—

SCALE OF POINTS ON A BASIS OF A TOTAL OF FIFTY AS PERFECTION.

BUTTER.

entitled to com-

of this Prize List.

HORTICULTURAL DEPARTMENT.

RULES AND REGULATIONS.

The entries in this Department will be exhibited in the Horticultural Hall, erected specially for the purpose.

All specimens placed in competition for Premiums must be *bona fide* grown by the competitor or employer, and if proved not to be such, the competitor to be disqualified for receiving any premium whatever at the Exhibition.

Entries may be made for the Exhibition without competition; and the Judges may notice such as they shall deem worthy in their reports.

All plants, fruits and vegetables must be labelled with their proper names.

Professional and amateur exhibitors can exhibit only in their respective classes, except for the premiums open to all. Competitors can only make one entry, and receive only one premium in each section.

In arranging the fruits on the tables, exhibitors will be required to place the varieties, as far as possible, in separate groups. All varieties must be correctly named. When a certain number of varieties is specified, there must be neither more nor less.

Premiums will be withheld if the samples are not worthy.

All articles entered for exhibition will be required to remain on the grounds until the close of the Exhibition, and will not be allowed to be removed therefrom or interfered with by the exhibitor, except by permission of the officers or Superintendent in charge.

All persons may be excluded from the Hall, if the Superintendent of the Department sees fit, until after the awards are made.

By a variety of fruit is meant an established variety, known as such to pomologists. New varieties, with only local names, are classed as seedlings.

Exhibitors are requested to furnish the Superintendent of the Department, as soon as they arrive, with a list of their entries, so that proper space may be reserved.

Any exhibitor known to interfere with the Judges in the discharge of their duties shall forfeit all premiums.

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List.

es, so that proper
n the discharge of

of this Prize List.

The decision of the Judges, as regards the premiums, will be final. No Judge shall be a competitor in that class for which he is to award premiums.

Parties will not be allowed to compete for more than one prize in the same Section, and no article which has already been awarded a prize will be entitled to another.

No individual, except the Judges, will be allowed to touch or handle any fruit, or other article exhibited, and any exhibitor proved guilty of having tampered with any articles on exhibition, or section cards, will be liable to be deprived of all premiums he may have been awarded, at the option of the Committee.

All entries shall be made by noon on the 23rd day of August, 1884, with the Secretary of the Council of Agriculture, No. 76 St. Gabriel Street.

Entrance fee. For 10 entries and under, 50 cents; over 10 entries \$1.00.

Exhibitors are particularly requested, in order to avoid unnecessary labor, to enter only such articles as they intend to exhibit.

All information may be obtained by applying to the Secretary, and all persons interested in Horticulture are invited to contribute articles for exhibition.

THE JUDGES.

In all cases the Judges are to be governed by the letter and spirit of the schedule under which exhibitors have made their entries. The general appearance of the fruit, care of its selection, and taste displayed in its arrangement or grouping, each entry being distinctly separated from the rest. These are all elements of the highest importance, and should receive appropriate consideration by the Committee.

The Judges shall have an ideal standard of perfection in all cases made up of the following particulars:—

That *useful* and *valuable* varieties only are expected to influence their awards, while indifferent sorts, even though large, showy and attractive, should not, for these reasons alone, be held to add to the value of an exhibit, except, possibly, as a means of education. They are also requested to make honorable mention, or to recommend awards

For Regulations regarding Medals and Diplomas, see page 17 of this Prize List

of this Prize List.

Industrial Department.

Intending Exhibitors are reminded that Prizes may be awarded to articles of merit, although they may not be enumerated in the following pages, it being found impossible to compile a list containing all the various articles that may be offered for exhibition. Articles not enumerated are to be entered in the extra section of the class to which they nearest belong, such exhibits will be inspected by the Judges in their class, and if considered worthy will be recommended for prizes.

Entries should be made not later than 23rd August.

S. C. STEVENSON,

Secretary.

Industrial Dept.

MANUFACTURES and INDUSTRIAL DEPT.

Class 1—Cabinet Ware and Upholstery.

(Entrance Fee, One Dollar.)
